WE CAN'T CARRY
OUT PROPER
MAINTENANCE!

I'LL MANAGE
SOMETHING.

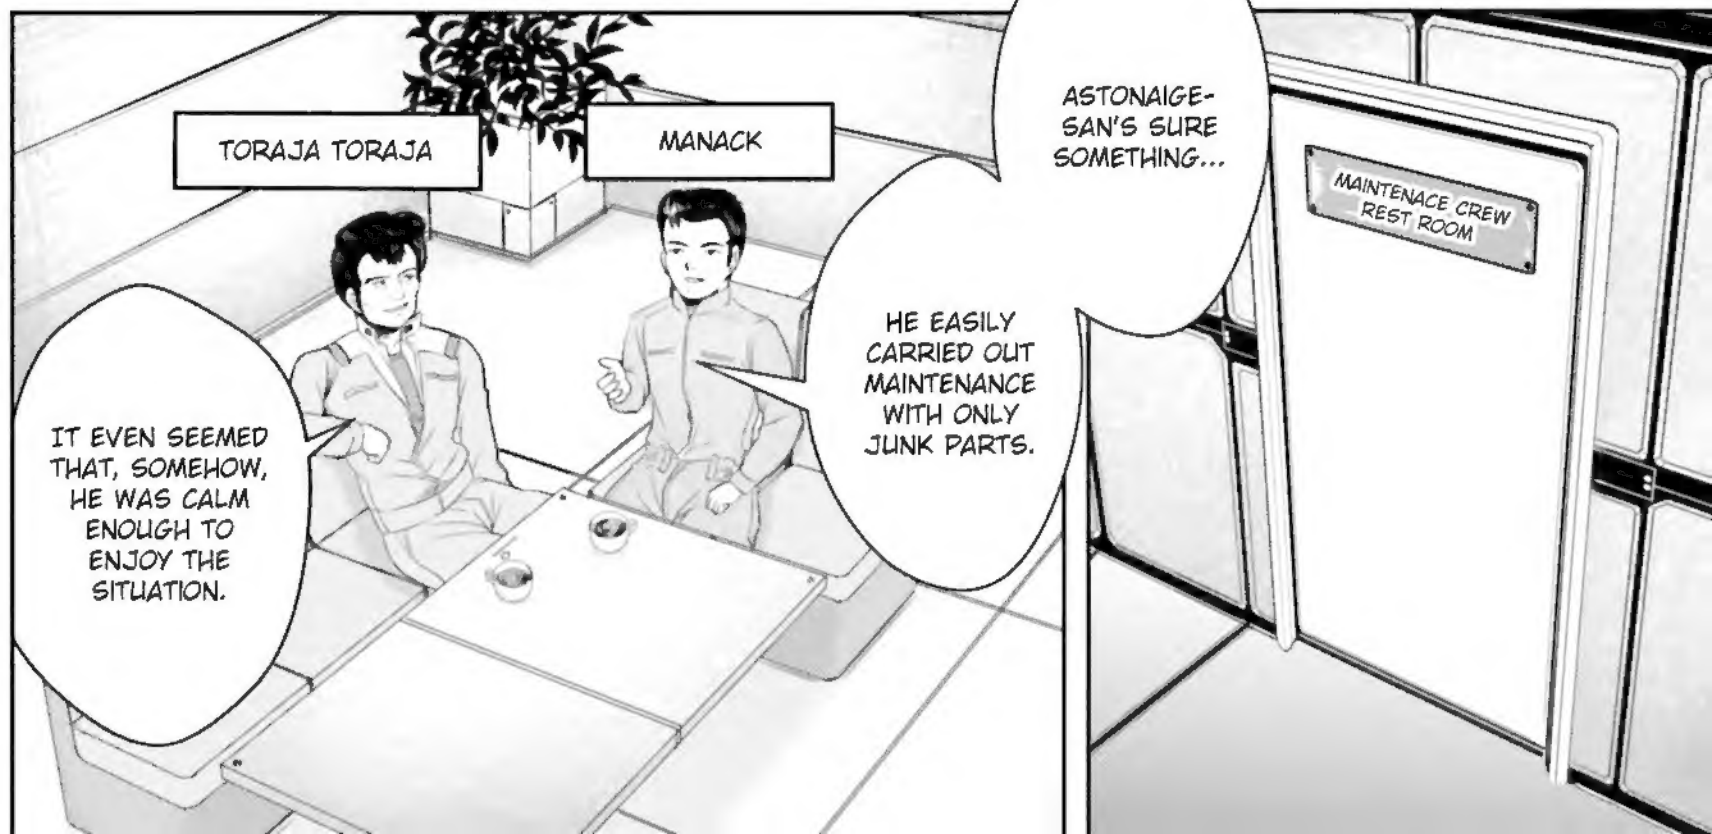

WHAT
DO WE DO,
ASTONAIGE-
SAN?

IF YOU'VE
NOT GOT
IT, THEN
MAKE IT.

IT EVEN SEEMED
THAT, SOMEHOW,
HE WAS CALM
ENOUGH TO
ENJOY THE
SITUATION.

ASTONAIGE-

ASTONAIGESAN!

I GUESS THE SORT OF GENIUS WHO'D BE INVOLVED IN THE DEVELOPMENT OF MAGNET COATING WOULD BE A CUT ABOVE.

I'VE A PROBLEM WITH THAT VERY MAGNET COATING!

THEN... WHAT'S THE PROBLEM?

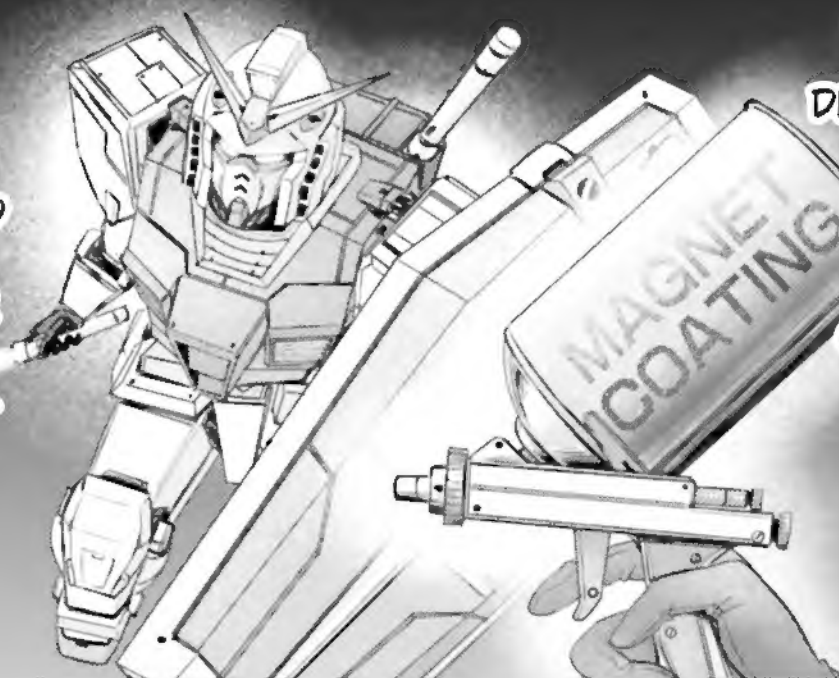

NOT QUITE... THE TECHNOLOGY IS STANDARD FOR MS EQUIPMENT, YOU MIGHT EVEN SAY IT'S PERFECT.

WHAT DO YOU MEAN? IT COULDN'T BE THAT... IT HAS A MASSIVE FLAW...?!

IT HAS MORE AND MORE USES THAT I KNEW NOTHING ABOUT...!

IT'S NOW
WIDESPREAD,
AND WITH EVEN
MASS PRODUCED
UNITS USING IT,
IT'S NO LONGER
CONSIDERED
SUCH A SPECIAL
TECHNOLOGY.

AT THE TIME OF
DEVELOPMENT, MAGNET
COATING HAD BEEN
CALLED A DREAM
TECHNOLOGY, MORE
THAN TRIPLING THE
GUNDAM'S REACTION
SPEED, BUT...

T/N: THE DOOR READS "WOMEN'S CHANGING ROOM".

TAKING IT
APART
WOULD'VE
BEEN A PAIN
IN THE ASS,
SO I JUST
TRIED HALF
ASSING IT
WITH SOME
MAGNET
COATING FOR
SMALL SCALE
REPAIRS THAT
HAD BEEN
LYING NEARBY.

I'LL MANAGE
SOMETHING.

IN FACT, I
JUST USED
IT TO FIX
THE DOOR
TO THE
CHANGING
ROOMS.

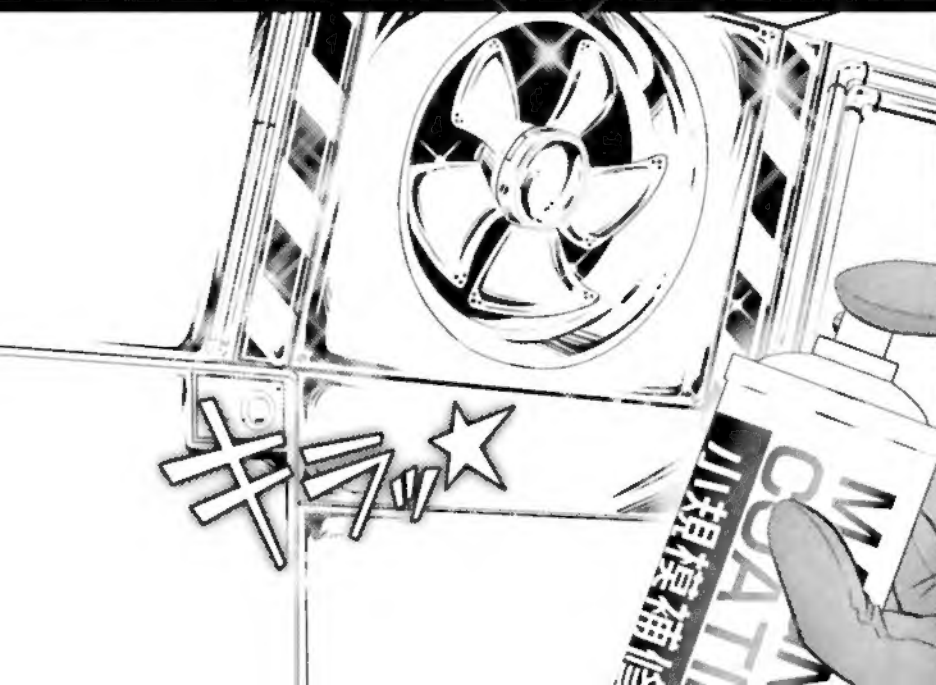

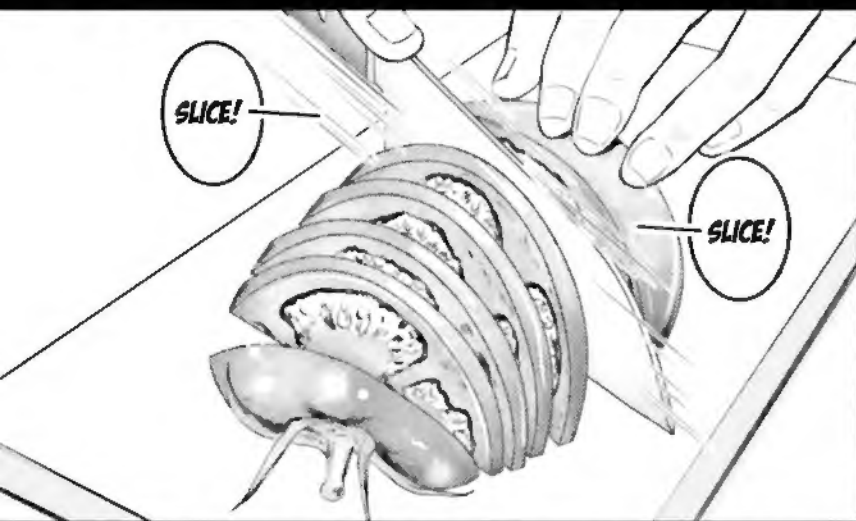

PLEASE
SORT IT OUT,
ASTONAIGE-
SAN.

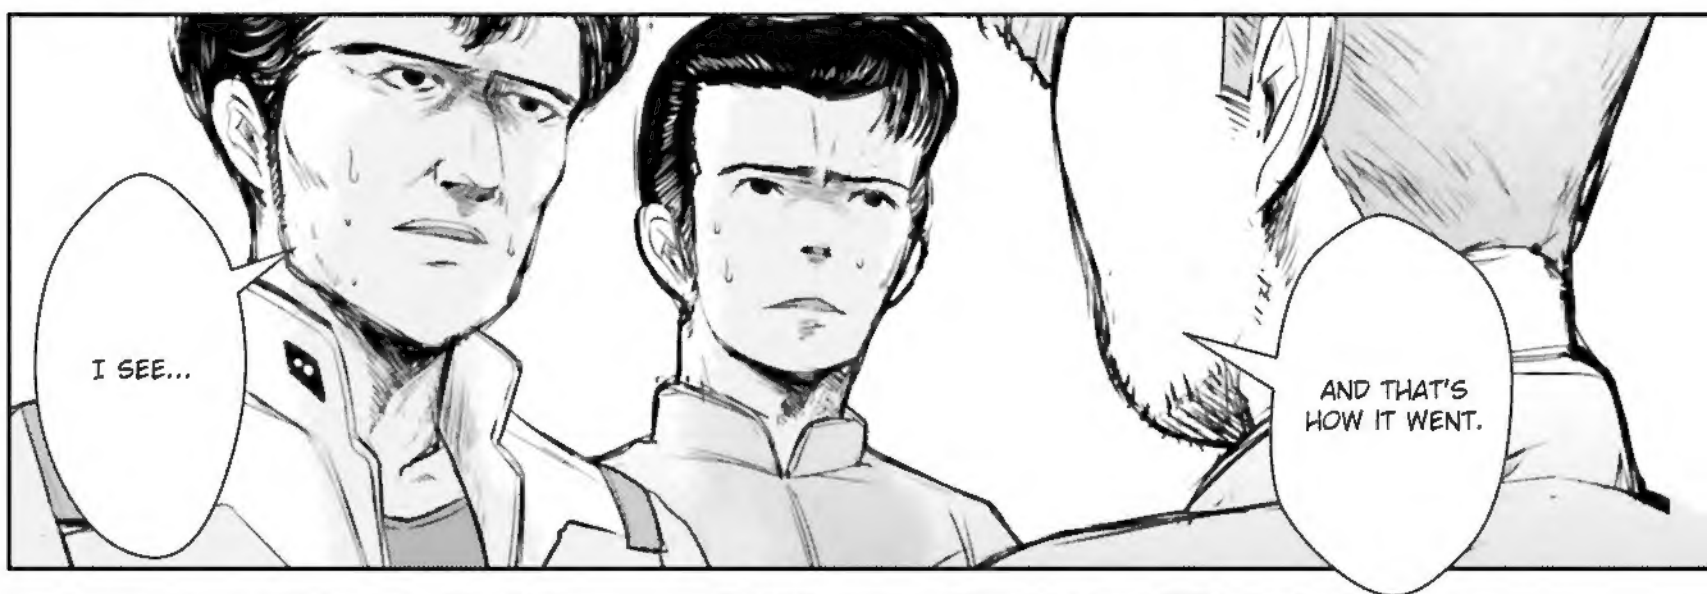

IT FIXED
THE DOOR.
